The hotly anticipated epic conclusion to The Dark Elements trilogy!

NEVER ALWAYS SOMETIMES meets Alexander the Great for teens in this thrilling, epic fantasy series.

Dave and Julia are best friends. On the brink of high school, they made a list of 10 clichés they would NEVER do, including: Never run for prom king/queen, student body president, or any other position. NEVER do, including: Never date the Kapoor brothers, never date an actor, never date someone who is hot, never date anyone with hair that goes above the shoulders. In short, never date anyone who is different. This is a list they never thought they would break. Now in their senior year, Dave and Julia decide to do exactly the opposite. They break each and every one of their own rules and have many adventures along the way—and even start to wonder if they are and what their true feelings are for one another.

Showalter's witty zingers will keep readers cackling…. Funny, sexy, action-packed and tragic in all the right moments.

“A rich world full of peril and plots and world-shaking adventure.”—Kirkus Reviews

A Mad Zombie Party is a spin-off of The White Rabbit Chronicles!

The bumbling woes in the epic finale (and surprise fourth installment) of The White Rabbit Chronicles!
